Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for "Family Health Centers Portland Facility Upgrades" in fiscal year 2027. The entity to receive funding for this project is Family Health Centers, Inc. located at 2215 Portland Ave Louisville, KY 40212.

This project will allow Family Health Centers, Inc. to remove and replace two fifty-year-old multi-zone HVAC systems with a modern system capable of reliably and comfortably controlling the large health clinic's interior climate. This project is a valuable use of taxpayer funds because replacing the old HVAC units will ensure that Family Health Centers is able to maintain services for the over 13,000 patients that use the facility annually and continue to invest in patient care.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Morgan McGarvey
Member of Congress
