Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for "Louisville Child Care Center Facility Renovation Initiative" in fiscal year 2027. The entity to receive funding for this project is Louisville Metro Government located at 527 W. Jefferson St., Louisville, KY 40202.

The proposed project will provide capital support for the renovation of childcare centers located in Louisville's low- and moderate-income neighborhoods, where facility improvement needs substantially exceed currently available resources. Funding will be used to address repairs and upgrades necessary to ensure that participating centers can provide safe, healthy, and developmentally supportive environments for children and families. This is a valuable use of taxpayer funds because it will advance economic and workforce development in Louisville by making it easier for working families to find high quality childcare.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S. Code § 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Morgan McGarvey  
Member of Congress
