Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for "City of Shively Fire Station Rehabilitation" in fiscal year 2027. The entity to receive funding for this project is the City of Shively, Kentucky located at 3920 Dixie Highway, Shively, Kentucky 40216.

This funding will support Shively's efforts to renovate their fire station to appropriately house all staff members, including women. The project will modernize the existing structure to better serve the operational and safety needs of the department while ensuring a safe and compliant environment for all fire fighters. This is a valuable use of taxpayer funds because it will strengthen public safety infrastructure and provide a valuable resource that benefits the whole community, including citizens, businesses and their employees, schools, and more.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S. Code § 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Morgan McGarvey
Member of Congress
